CAT BOARDING

CAT BOARDING

$19.75 PER DAY

Includes free-choice water, cleaning, feeding, and medication administration as needed. Bedding and love provided!

DOG BOARDING

DOG BOARDING - CONDO

$24.75 PER DAY

Includes free-choice water, cleaning, feeding, and medication administration as needed. Three walks per day. Bedding and love provided!

DOG BOARDING - SUITE

$38.75 PER DAY + $33.75 PER DAY EACH ADDITIONAL DOG IN THE SAME SUITE

Let your fur-baby spend their time away from home in pure doggie luxury! Each suite comes with bedding. They will be pampered from the moment they arrive until they leave with special attention, and plenty of room to relax in their large comfy suite. Your pet's suite comes equipped with a web camera so you are always able to take a peek and see how they are doing.

ASK US ABOUT OUR OTHER SERVICES!

Boarding

DROP-OFF & PICK UP HOURS: 7am-7pm • 7 Days a Week

1-800-700-VETS | WoodlandAnimalHospital.com

1. All pets boarding at Woodland Animal Hospital (WAH) must be vaccinated by a licensed veterinarian. If proof of vaccination can be provided for each pet, no additional vaccines will be administered. If such proof cannot be provided, a WAH veterinarian will do an exam and will administer all required vaccines at the owner's expense. Vaccines that have been administered by a non-veterinarian will not be accepted.

   Vaccinations required include:

   Adult Cats (over 16 weeks) - Must be current on Rabies (1 dose), FVRCP (2 doses), and a negative intestinal parasite screen every 6 months.
   Adult Dogs (over 16 weeks) - Must be current on Rabies (1 dose), Distemper/Parvo (2 doses), Leptospirosis (2 doses), Bordetella (1 every 6 months), Canine Influenza (1 dose), and a negative intestinal parasite screen every 6 months.
   Kittens (12 - 16 weeks) - Must be at least 12 weeks of age and have received FVRCP (2 doses), and a negative intestinal parasite screen every 6 months.
   Puppies (12 - 16 weeks) - Must be at least 12 weeks of age and have received Distemper/Parvo (2 doses), Leptospirosis (1 dose), Bordetella (1 dose), Canine Influenza (1 dose), and a negative intestinal parasite screen every 6 months.

2. Woodland Animal Hospital is a flea-free environment. If live fleas or ticks are found, an additional treatment will be administered at the owner's expense. Treatment types may vary between oral and topical, and costs may vary by treatment type and pet's weight.

3. We do allow such personal items as blankets, toys and treats to be left with the pet while boarding: bedding is provided. We will do our best to return such items in the same condition that they were left with us, but **NO GUARANTEE CAN BE MADE AGAINST LOSS OR DAMAGE**. Please label items with pet's first and last name; items received without labels will be labeled with permanent marker; any items which are unlabeled and unclaimed may be donated to the facility.

4. There is no additional charge to administer medication or feed special diets to boarders. Clear and concise instructions must be provided. Ample quantities of medications or special diet must be provided to the veterinarian on duty. They may elect to refill at owner's expense to ensure the pet having enough for the duration of their stay. If no food is submitted, pets will be fed WAH dry food.

5. All pets are charged for the day of drop off, no matter the time of arrival. Pets picked up before 6pm are not charged for the day of departure. Pets picked up after 6pm will be charged for the day of departure.
